Annexure VIII**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

This Management Discussion and Analysis Report presents a brief presentation of Company's performance over the previous years and simultaneously attempts to make a fair and practical analysis of our strengths and weaknesses and our position at micro level vis- a -vis the global scenario. While we recapitulate our past performance in this Annual Report, we have also endeavored to present our areas of focus which we feel would help the Company to go to next level.

Our actual results, performance or achievements could thus differ from those projected in any forward-looking statements. We assume no responsibility to publicly amend, modify or revise any such statements on the basis of subsequent developments, information or events.

A. Industry Structure and Developments

The Indian food industry is poised for huge growth, increasing its contribution to world food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition, particularly within the food processing industry.

India's vast agricultural resources alone create huge potential for investments in its food processing and equipment industry. Major areas holding scope for value added processing are in the canning, packaging, dairy and food processing, frozen food and thermo-processing industries.

According to "India Frozen Food Market Outlook, 2021", dated **23 April, 2018**, frozen food market of India is growing with a CAGR of 15-20% in the last four years.

Although India is a huge producer of food products it is still untapped in the frozen food export industry. The demand for Indian recipes from the Indian settled across the globe has served as an impetus to development of the frozen food industry in recent years. Vegetables like drumsticks and okra and prepared food like chapattis and parathas are nowadays available in frozen form in neat packets all over the world.

This growth was mainly due to more working women, young professionals living alone and greater exposure to western food patterns making consumers to go for food fried, baked or toasted straight from the freezer. The consumption of processed and frozen food has also increased because of growing income of the middle class people in recent years as frozen food provides good food with lesser cooking time. Owing to urbanization and increased income of people, western India has the largest share in the frozen food market. North India will show a steady growth in the forecast period and Southern market will increase as a result of growing popularity of frozen idli sambar. Frozen vegetables and frozen snacks are anticipated to remain the most popular product categories capturing majority of the market share.

India's food market is projected to get double in the coming few years due to rapid economic development, growing population and improved lifestyle. Busy lives are influencing consumers to shift their dietary preferences towards ready-to-eat food products. Hence, frozen foods have become an important part of the modern diet. Freezing or refrigeration allows consumers to have access to foods which were either unavailable or available only during a particular season. Also, freezing helps consumers to preserve their food products for future use. Availability of a wide range of frozen food products in different food categories is giving a boost to the frozen food market in India.

MAIZE / FRESH CORN: INDIAN SCENARIO

Maize has wider range of uses than any other cereal crops such as animal feed, human food and industrial purposes. Presently, 85 per cent of grain produced is used for human consumption. In a hand out of India, Maize Development Association has listed more than 1000 Industrial uses of Maize. Zein protein content in Maize is being used in production of artificial fiber with good tensile strength and wool like properties. The grains of Maize are also used for production of Maida, instant starch and for many other purposes due to its high starch content.

According to Government views India can double its maize production to 50 million tones (MT) by 2025 to meet the rising domestic demand of the crop.

COLD STORAGE: INDIAN SCENARIO

Indian cold storage market is expected to grow at a CAGR of 16.09% by 2020 driven by the growth in the organized retail, Indian fast food market, and food processing industry and e-commerce sectors.

Cold storage market in India is expected to be worth US\$ 8.57 billion by 2020.

As per reports, India currently has 7,645 cold storage facilities across various states with total capacity of 30.11 MT which is insufficient. However, some 75-80 per cent of these refrigerated warehouses are suitable only to store potatoes, a commodity that produces only 20 per cent of agricultural revenue. Due to lack of cold storage facilities, India has wastage of more than 450 MMT every year which leads to a huge amount of loss, and leads to shortage in the overall generation capability.

B. Opportunities and Threats

The Indian food and grocery market is the world's sixth largest, with retail contributing 70 percent of the sales. The Indian food processing industry accounts for 32 percent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. It is believed that the Food Processing industry will be a US\$ 25 billion market in India by 2020. Out of which, the serviceable metro market is expected to be close to almost US\$ 20 billion. The past couple of years have seen a tremendous growth of this segment due to high consumer acceptance for convenience food nationwide.

A recent survey done by Assocham (Associated Chamber of Commerce and Industry of India) says about 79 percent of Indian households today prefer to have instant food due to time constraints. With two working parents and families becoming nuclear, people prefer authentic, nutritious store bought options rather than spending hours in the kitchen after work. In recent years, the focus of the ready-to-eat market has gradually shifted from just homemakers or students to young professionals and families.

India ready-to-eat food market is projected to grow at a CAGR of more than 16%, during 2018-2023, on account of expanding distribution network, aggressive marketing strategies by major ready-to eat-food manufacturers, increasing number of modern retail chains and innovation in products offerings.

At present , we have business operations in Andhra Pradesh and Telangana. Considering the growth opportunities, we plan to expand geographically in to other states across India..

Ours is a regulatory oriented business, we need approvals and license for almost all the activities we do. Every state has different laws pertaining to manpower, trading license, etc. and different mannerism of doing business. Our business is therefore significantly dependent on the general economic condition and activity in the states in which we operate, and the central, state and local Government policies relating to our industry. We may expand geographically, and may not gain acceptance or be able to take advantage of any expansion opportunities outside our current markets. This may place us at a competitive disadvantage and limit our growth opportunities. We may face additional risks if we undertake operations in other geographic areas in which we do not possess the same level of familiarity as competitors.

Our Strengths

Experienced Management Team

Mr. A Sri Nagaveer, our Promoter and CEO, has over 17 years of entrepreneurial experience in Food & Beverages and related industries. He is supported by experienced and well-qualified staff at senior and middle management levels. In times of high employee turnover; 5 out of 8 of our key management personnel have been associated with the company for over 5 years. This in house capability and loyal staff will help us scale in future.

Well Established Brand name and goodwill amongst market players

We operate in a brand sensitive market. Over almost a decade we have tried to ensure sustainable growth and hence have developed an established brand name, acceptance & recall value in our operating markets (i.e. Andhra Pradesh and Telangana). Sale of products under our brand name (Frozen King) forms 35 % part of our total sale of branded goods which includes brands such as Samosa Patti & Gowardhan. We have earned goodwill & competitive edge through our consistent quality oriented service. Further we have developed goodwill amongst market participants including farmers, other intermediaries forming part of the corn supply chain, large MNCs as well as local vendors. We believe that our sector is not an easy to enter sector given that substantial portion of the business is carried out through trust and hence having a developed goodwill would help us compete with new entrants in this sector in the future.

D. OUTLOOK:

With state of art facility and easing the complicated procedures in manufacturing to automation, we are coming up with 55,000 sft facility with BRC standards, which is 40 kms away from Vijayawada. Our production capacity will enhance by approx. 3 times which gives us the scope to expand to the vast Indian market and global market.

At present 90 percent of our business is in Andhra Pradesh and Telangana and a very minimal portion in Karnataka, Tamil Nadu & Maharashtra. From the upcoming facility we will be able to cater to the entire South India and also to export markets. Having opened our new warehouse in Kesarpalli, near Vijayawada NH-16, which enables us to cater to Chennai-Calcutta and Orissa markets. Having in house warehouses and logistic facilities, we do have an advantage of not relying on any other cold chain transporter as cold chain being very important part of our complete operations. We have been the pioneer in Secondary distribution, being the only company having local cold chain fleet and deliver the frozen product in temperature controlled vehicles. Being the monopoly in corn products with an experience of about 17 years in the market, we have exclusive advantage of penetrating into the market easier and quicker.

E. Risks and Concerns:

The success of our business depends greatly on our ability to effectively implement our business and growth strategies. We plan to increase our sales from the prepared foods or our self-branded foods being sold under the brand of "Frozen Kings". We also plan to explore additional geographies as well as ramping up our processing capabilities. We believe our experience and expertise will help us in executing these business strategies; however, we may not be able to execute our strategies in time or at all in the future. Further, our growth strategies could place significant demand on our management team and other resources and would require us to continuously develop and improve our operational, financial and other controls, none of which can be assured. Any failure on our part to scale up our infrastructure and management could cause disruptions to our business and could be detrimental to our long- term business outlook.

F. Internal Control Systems and their adequacy

The internal control systems adopted by the Company are adequate and appropriate to its operations. The system has been designed to ensure that assets and interest of the Company are protected and dependability of accounting data and its accuracy are ensured with proper checks and balances.

The Company has appointed an Internal Auditor, to oversee and carry out an internal audit of the Company's activities. The audit is based on an Internal Audit Plan, which is reviewed each year in consultation with the Statutory Auditors and the Audit Committee.

The Internal Audit process is designed to review the adequacy of internal control checks in the system and covers all significant areas of the Company operations. The Company has an Audit Committee, the details of which have been provided in the Corporate Governance Report. The Audit Committee reviews audit reports submitted by the Internal Auditors.

The Company's Audit committee meets the Company's Statutory Auditors to ascertain their views on the adequacy of Internal Control Systems in the Company and keeps the Board of Directors informed of its major observations at periodic intervals.

G. Financial Performance vis a vis operational performance

Our revenue from operations on standalone basis increased to Rs. 7279.04 Lakhs from Rs. 6288.61 Lakhs in the previous year, at a growth rate of 15.75%. Your Company has posted yet another impressive year of performance. Out of the total revenue approx. 79% has been generated from the sale of Frozen Products.

H. Material developments in Human Resources / Industrial Relations front, including number of people employed

Our Company, being a man-power intensive unit, employs skilled as well as unskilled employees. The employees are trained in order to deliver the appropriate mix and taste while making corn samosas and other eatables. It places high importance to its employees and ensures their well-being to the extent possible. The employer – employee relations are maintained cordial, thus ensuring smooth operations.

Our pro-human resources policy helps us in controlling the attrition rate amongst our employees and maintains cordial relations across the organization. Further, our human resource strategy has enabled us to attract, integrate, develop and retain the best talent required for driving business growth. However, increasing cost of employees and industry demand for skilled and trained personnel casts a huge challenge on the management to strike an appropriate balance.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information as stated above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance

Responsibilities of Management and Those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the Financial position, Financial performance and Cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors / Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the Going concern basis of accounting unless the Board of Directors / Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements;

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise Professional Judgment and maintain Professional Skepticism throughout the audit.

We also;

1. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in
 - (i) planning the scope of our audit work and in evaluating the results of our work; and
 - (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

7. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit
8. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
9. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure – A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure - B to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s Tanvi Foods (India) Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Parent's Board of Directors are responsible for the other information. The other information comprises the information included in the annual report, for example, Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated financial statements and our auditor's report thereon. The other information as stated above is expected to be made available to us after the date of this auditor's report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information as stated above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with Governance

Responsibilities of Management and Those charged with Governance for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated Financial statements that give a true and fair view of the Consolidated Financial position, Consolidated Financial performance and Consolidated Cash flows of the Group in accordance with the Accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of Consolidated financial Statements of the Parent, as aforesaid.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the Going concern basis of accounting unless the Management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the Financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements;

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the SAs, we exercise Professional Judgment and maintain Professional Skepticism throughout the audit.

We also;

10. Identify and assess the risks of material misstatement of the Consolidated Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
11. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls
12. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
13. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
14. Evaluate the overall presentation, structure and content of the Consolidated Financial statements, including the disclosures, and whether the Financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
15. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the Financial statements of such entities or business activities included in the Consolidated Financial

statements of which we are the Independent auditors. For the other entities or business activities included in the Consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

16. Materiality is the magnitude of misstatements in the Consolidated Financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in
 - (iii) planning the scope of our audit work and in evaluating the results of our work; and
 - (iv) to evaluate the effect of any identified misstatements in the Consolidated financial statements.
17. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit
18. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
19. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the Financial Information of the two Subsidiaries whose financial statements were considered in the consolidated financial statements. These Financial information have been audited by N S V R & Associates LLP, Chartered Accountants, Hyderabad, whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respective of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors. Our opinion on the Consolidated Financial Statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Annexure - A to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s Tanvi Foods (India) Limited** ("the Company") as of March 31, 2019 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
